

PROTECT YOURSELF FROM PHISHING SCAMS

Scammers may impersonate TNB through fake emails, messages or websites to steal your personal information such as NRIC, bank account details, credit card information or electricity account details.

Watch Out For These Signs!

Look out for suspicious email addresses, unusual logos, spelling errors and unprofessional language claiming to be from TNB.

Avoid opening links or attachments in suspicious emails or messages as it may contain harmful malware or viruses that can steal personal information from your device.

Stay Safe With These Tips!

IGNORE suspicious emails or messages containing links or attachments that may be harmful to your device.

DO NOT SHARE your personal information such as NRIC, bank account details, credit card information or electricity account details via untrusted websites or online platforms.

VERIFY with TNB CareLine on the authenticity of any messages or offers related with TNB.
