Billed for unused water

I REFER to the letter “Masks add to financial burden” (*theSun*, Aug 3)

And we have another added burden by the water utility?

It is unfair that the *rakyat* is put to bear such burden. This must stop.

I ask why bill Selangor consumers for unused water?

If it is for water used, then we would have nothing to complain.

I am puzzled that even if the house is vacant, Air Selangor changes RM5 per month? How can they? Is this fair?

While I congratulate and thank Tenaga

Nasional (TNB) for giving all households a generous discount on our electricity bills to lessen the impact of the Covid-19 pandemic.

The move by TNB has really helped to lessen our financial burden during this trying period.

However, the same cannot be said of our water bills.

I ask that Air Selangor too give some rebates to water users to lessen consumers' financial burden.
