**ETCON26**

An exhibitor briefs delegates at an exhibition booth during the Energy Transition Conference 2026 (ETCon26) at the Kuala Lumpur Convention Centre on Thursday, as discussions and demonstrations unfold across the showcase floor. Held from June 3 to 5, ETCon26 is Tenaga Nasional Bhd's (TNB) flagship conference, bringing together global stakeholders to accelerate the implementation of Malaysia's national energy transition agenda. Under the theme "Energy & AI: The Synergy for Energy Transition", the conference is anchored on three key pillars — Energy for AI, AI for Energy, and Energy Transition for People - underscoring the growing convergence between energy systems and digital innovation. — Bernama photo
