Power disruption in JB city centre restored

JOHOR BAHRU: Power disruption in the city centre here and its surrounding areas since 1pm yesterday was fully restored last evening.

Johor TNB general manager Datuk Baderul Sham Saad said the power failure was due to a breakdown at the main entrance substation in Jalan Datuk Abdul Rahman Andak at 1.04pm and was fully restored at 7.40pm last night.

“The last area to resume electricity supply was in Bandar

Baru Uda and Skudai Kiri,” he said when contacted here last night.

Earlier, the electricity disruption caused traffic congestions especially in Tebrau which connects areas such as Taman Pelangi and Taman Century with the city centre.

The blackout affected about 100,000 consumer accounts.

However, Sultanah Aminah Hospital and the Customs, Immigration and Quarantine Complex continued to operate on supporting generators. - Bernama
