Solar Power Energising Malaysia's Future

Solar For Rakyat Incentive Scheme (SolarIS)
Solar For Rakyat Incentive Scheme, SolarIS is an incentive programme launched by the government aimed at attracting new installations of solar photovoltaic (PV) systems in residential premises. This programme supports the government's goal of increasing renewable energy capacity in the electricity supply system to 70% by the year 2050 and reducing carbon emissions.
A cash rebate of up to RM4,000 will be given to residential customers who submit Net Energy Metering (NEM) application to Sustainable Energy Development Authority (SEDA) Malaysia from April 1, 2024, onwards and successfully commission their solar PV system installations with TNB.
