Trio arrested over power theft for Bitcoin mining

GUA MUSANG: Police and Tenaga Nasional Bhd ended the theft of electricity, which was used in Bitcoin mining, in raids on six premises here last week. In the two-day operation, which began on March 3, they also seized 363 mining machines worth RM500,000. Kelantan police chief Datuk Shafien Mamat yesterday said three men, aged between 21 and 29, had been arrested. "They were detained on suspicion of stealing electricity. We found illegal connections at all the premises. We also seized mining machines, laptops, electrical cables and two four-wheel-drives."
