MHL: Nor Saiful proposes 2-round league

KUALA LUMPUR: Tenaga Nasional Berhad (TNB) Head Coach Nor Saiful Zaini Nasiruddin has proposed that the next season of the Malaysia Hockey League (MHL) be conducted in two rounds to make it more exciting.

In addition to the two-round league, where each team will play both home and away, Nor Saiful, who guided TNB to a historic treble this season, also suggested reintroducing the first division competition.

"Some teams we defeated by more than 20 goals might be shifted to the first division, and for the premier division, we need to place teams that are of equal standard, a bit low is okay but not too much.

"When we play, we need to give our best because winning by 15, 17, and 20 goals is quite common. Of course, we enjoy scoring many goals, but for the sake of the league, it might need to be separated, that's my opinion," he said after the TNB Cup 2024 final here. — Bernama
