Petra to review residents' objections

PUTRAJAYA: The Ministry of Energy Transition and Water Transformation (Petra) will review objections raised by a group of residents regarding the Tenaga Nasional Bhd (TNB) Kuala Muda Solar Project in Kuala Muda, Kedah.

In a statement Friday, Petra said its Deputy Secretary-General (Energy) Mareena Mahpudz had received a memorandum of objection as part of the process of further examining the issues raised.

Petra will also coordinate the deploy-

ment of technical representatives together with the Energy Commission (ST) to the site to obtain a clearer picture of the actual condition and assess the concerns highlighted by residents.

"Petra respects the community's rights to express their views and concerns in an orderly manner and in accordance with the law. At the same time, any objections must be examined in a factual and comprehensive manner, guided by the applicable regulatory framework," it said.
