MN Holdings bags RM122mil TNB project

PETALING JAYA: MN Holdings Bhd has secured a contract from Tenaga Nasional Bhd or TNB for the installation of a new double circuit 132 kilo-volt (kV) underground cable from PMU Tasek Gelugor to PMU Bertam, worth RM122.31mil.

In a statement, the infrastructure utilities construction and engineering solutions firm said the works include engineering, design, supply and erection works for the new 132kV cable system, together with all associated works including obtaining permits from relevant stakeholders, reinstatement and restoration of surfaces and existing structures, as well as cleaning of work areas.

The job is effective from Aug 10, 2026.
