CABLE THEFT ATTEMPT

3 charged with criminal trespass

KUALA LUMPUR: Police arrested four men over attempted cable theft at a Tenaga Nasional Bhd (TNB) electrical substation in Jalan Segambut Pusat, here, on Wednesday.

Sentul police chief Assistant Commissioner Basri Sagoni said they were detained by TNB auxiliary police while attempting to enter the facility.

“At 5.50am, the complainant spotted four men arriving in a white Toyota Veloz and stopping in front of the substation.

“Three of them entered the facility through the front entrance while another remained in the vehicle,” he said.

Police also seized several tools believed to be used for the attempted theft.

The suspects and seized items were later taken to the Sentul police headquarters.

Basri said three suspects have been charged with criminal trespass.

The fourth person turned prosecution witness.
