# Kudos to TNB for solving problem fast

I AM pleased with the speed with which Tenaga Nasional Bhd (TNB) workers came to repair several electrical poles that were not in working condition at my daughter's home in Kajang. I reported the problem to TNB on

Dec 10.

They promptly attended to my report and had them in working condition within hours of my reporting to TNB's Careline.

Though this GLC has raised its electric rates in recent times, I am

happy that it provides excellent service.

This we what we consumers appreciate very much.
