Willowglen bags RM7.82m project from TNB

BY ANETTE APPADURAY

KUALA LUMPUR: Technology solution provider Willowglen MSC Bhd has bagged a secondary remote terminal job worth RM7.82 million from Tenaga Nasional Bhd (TNB).

In a filing with Bursa Malaysia yesterday, the group said the contract is for the supply, installation, testing and commissioning of a secondary remote

terminal unit for a motorised Ring Main Unit substation for a distribution automation project.

The contract commenced on Wednesday and will be completed by March 14, 2019, and is non-renewable, it added.

The company noted that the contract is expected to contribute positively to its earnings and net assets per share for the financial year ending Dec 31, 2017 (FY17), and FY18.
