Mudajaya to seek RM175m claims from CMC

MUDAJAYA Group Bhd is mulling to pursue its claims of RM175 million from CMC Machipex Sdn Bhd under a subcontract agreement, after the earlier adjudication proceedings was dismissed on Jan 13, 2017, it noted in an exchange filing yesterday.

On Oct 30, Mudajaya filed adjudication proceedings against CMC under Construction Industry Payment and Adjudication Act 2012 (CIPAA).

The construction and pro-

perty development group had sought payment claims for work done totalling RM175.33 million (principal sum) plus late payment interest and cost from CMC in the adjudication proceedings.

CMC engaged Mudajaya as the subcontractor to execute and complete certain works associated with TNB Janamanjung Sdn Bhd's RM6 billion ultra-supercritical coal-fired 1,000MW power plant project in Manjung, Perak.
