### TM secures 280MW power supply for Johor data centre

TELEKOM Malaysia Bhd (TM) said its joint venture (JV) with Nxera has secured a multi-year electricity supply agreement with Tenaga Nasional Bhd (TNB) for a planned data centre campus in Iskandar Puteri, Johor. TM said the agreement provides 280 megawatts (MW) of power to support the first phase of the data centre's commercial operations, which are targeted to commence in 2026. — *TMR*
