TNB ALL GEARED UP

KUALA LUMPUR: Tenaga Nasional Berhad (TNB) has made early preparations to ensure no power supply disruption at nomination, polling and vote counting centres during GE14. Its chief corporate officer, Datuk Roslan Ab Rahman, said the preparations were made since November. TNB has taken the necessary measures after talks with the Election Commission and the Public Works Department to meet polling needs. TNB technical staff will also be on standby, he added. – Bernama
