TNB SUPPLIES GENERATOR SETS TO RELIEF CENTRES

KUALA LUMPUR: Tenaga Nasional Berhad (TNB) has supplied more than 60 generator sets worth RM715,000 to temporary evacuation centres in the flood-hit states in the east coast. In addition, TNB has also contributed many basic essentials, including second-hand clothes, cooking ingredients and bedding, to meet the daily needs of the flood victims, the utility company said in a press release yesterday. – Bernama
