MISI: KEMBALIKAN KUASA KENYIR

TV3's power-packed documentary bags second Asian award

THE special documentary 'Misi: Kembalikan Kuasa Kenyir', produced by TV3, with the cooperation of Tenaga Nasional Bhd, won Best Documentary Programme at the 28th Asian Television Awards in Ho Chi Minh City, Vietnam recently.

In a press statement, the programme, which was aired on March 13 last year, had been nominated alongside contenders from China's Shanghai Media Group and China Global Television Network, as well as South Korea's SBS and Coupang Play.

This is the show's second international recognition after it won the Bronze Award for Best Factual Programme Made In Asia For A Single Asia Market at the Content Asia Awards 2023 in Bangkok, Thailand last August.

It was also the grand winner for Broadcast Media & Online Video (News & Documentary) at CIDB 2023 Construction Media Awards (Malaysia) 2023.

Meanwhile, the documentary's executive producer, Irin Putri Azmi, bagged the award in the Television and Online Video Broadcast Media (News and Documentaries) category at the Construction Industry Development Board (CIDB) Media Awards 2023 last month.

The documentary can be streamed on HD via www.tonton.com.my.
