Sarawak Cable, Minetech bag contracts

SARAWAK Cable Bhd's wholly owned subsidiary, Trenergy Infrastructure Sdn Bhd, has been awarded a RM55.9 million contract from Tenaga Nasional Bhd to provide 500kV double circuit transmission line and 275kV double circuit transmission line from point Z to point M at the border between Pahang and Selangor, it noted in a filing yesterday.

Meanwhile, Minetech Resources Bhd's fully owned unit, Minetech Construction

Sdn Bhd, has entered into agreements with Able Return Sdn Bhd and Damar Consolidated Exploration Sdn Bhd to renew a contract for waste removal, ore delivery and associated works for open pit mining in respect of the Selinsing gold mine project.

The contract renewal is for two years commencing from July 1, 2016, with an estimated total contract value of RM24 million, the company noted in an exchange filing yesterday.
