# Shamsul Ahmad named new TNB president, CEO

**KUALA LUMPUR:** Tenaga Nasional Bhd (TNB) has appointed Datuk Shamsul Ahmad as its new president and chief executive officer (CEO) effective tomorrow.

He succeeds Datuk Megat Jalaluddin Megat Hassan, who completes his tenure today after serving as president and CEO since March 2024.

Shamsul currently serves as TNB's chief regulatory and stakeholder management officer, where he has played a pivotal role in shaping the industry's regulatory landscape and strengthening stakeholder confidence in support of TNB's long-term aspirations.

With more than 37 years of service in TNB, he brings extensive leadership experience across multiple portfolios.

Prior to this appointment, he was the managing director of TNB Fuel Sdn Bhd and led TNB

Janamanjung Sdn Bhd for a decade.

He holds a Bachelor of Science in Mechanical Engineering from North Carolina A&T State University in the United States and a Master of Business Administration from Universiti Tenaga Nasional.

“The board of directors expressed its sincere appreciation to Megat Jalaluddin for his leadership and contributions in strengthening TNB's operational excellence, financial resilience and long-term value creation,” the company said in a statement.

TNB expressed confidence that Shamsul will ensure leadership continuity, accelerate transformation efforts and reinforce the group's position as Malaysia's national energy champion and a leading provider of sustainable energy solutions at home and abroad.
