- To encourage commercial customers to light up their buildings and surrounding areas

In conjunction with this year's 65th National Day, **Tenaga Nasional Berhad (TNB)** returns with Sinaran Merdeka Incentive to encourage commercial customers to light up their buildings and surrounding areas with decorative lighting.

The incentive encourages customers to participate in lighting up their buildings and surrounding areas in support of the Government and local authorities' efforts to ignite the National Day celebration.

Customers will enjoy the Sinaran Merdeka Incentive for a period of two months, from 1st August 2022 to 30th September 2022. The incentive rate of 20.8 sen/kWh offered is lower than the existing rate. The incentive is also given for any amount of increase in electricity consumption exceeding the average consumption in three months from May, June, and July 2022.

The annual incentive, which started in 2000, is offered to all customers under commercial tariffs that include skyscrapers, office buildings, commercial complexes, shopping complexes, hotels and gas stations.

Eligible customers are those under the commercial tariffs who have received electricity before 1 August 2022 and obtained at least one actual bill between May to July 2022. This special incentive will be reflected in October 2022 bill, denoted as 'Carnival Discount'.

Last year, TNB received a total of 3,096 applications for Sinaran Merdeka Incentive, with 62% or 1,910 customers identified as eligible.

Application for this promotion starts on 1st August 2022 until 15th September 2022.
