TECHNICAL ISSUE AT EDRA INDEPENDENT POWER PLANT, MELAKA: ELECTRICITY SUPPLY FULLY RESTORED

Tenaga Nasional Berhad (TNB) would like to inform that electricity supply disruptions due to a technical issue at the Edra Independent Power Plant in Melaka have been fully restored at 5:54 p.m. today.

A technical issue was detected at 4:12 p.m. at the power station due to a trip and resulted in a load loss of 2,200 MW.

Supply restoration was carried out in stages and was fully completed at 5:54 p.m.

However, there are several areas experiencing supply disruptions that are unrelated to the incident. Immediate restoration works are currently underway in resolving the situation.

TNB deeply appreciates the patience of affected customers and apologises for the inconvenience caused. Our priority is to restore supply safely and as quickly as possible to ensure system stability and customer comfort.
