TNB REMACO AWARDED RM160 MILLION MAINTENANCE CONTRACT BY PETRONAS GAS

TNB Repair and Maintenance Sdn Bhd (TNB REMACO), a wholly-owned subsidiary of Tenaga Nasional Bhd, has been awarded a RM160 million contract for the maintenance of gas turbine and related equipment of PETRONAS Gas Bhd (PGB)'s facilities in Kerteh, Kemaman, Terengganu and Gebeng, Kuantan, Pahang.

The six-year Long Term Service Agreement (LTSA) contract, expiring 2022, will coincide with the completion of nine (9) Hot Gas Path Inspection (HGPI) and nine (9) Major Inspection (MI) for the GE MS6001B gas turbine.

The LTSA will also include maintenance of auxiliary, control and instrumentation system. Its scope will be for the supply of turbine spare parts, manpower supply during the inspections and refurbishment of the turbine components.

TNB REMACO is committed to maximise local content in the contract's implementation by ensuring the refurbishment of the gas turbine components is performed at its Repair Center in Klang, Selangor.

In ensuring support from General Electric (GE) as the Original Equipment Manufacturer (OEM) of the equipment, TNB REMACO also executed a separate Multi-Year Maintenance Program with the consortium of GE Global Parts & Products GmbH and GE Power Systems (M) Sdn Bhd. The program involves the supply of spare parts, technical advisory and technical trainings throughout the period of the agreement.

The agreement builds on an ongoing partnership between GE and TNB Remaco, highlighting long term commitment to growing energy demand in Malaysia.

Released in Kuala Lumpur on December 7, 2016
