TNB WINS ENERGY COMPANY OF THE YEAR AWARD; CEO HONOURED WITH ASIAN CEO OF THE YEAR AWARD

Tenaga Nasional Berhad (TNB) has won the Energy Company of the Year Award while its President/Chief Executive Officer, Datuk Seri Ir. Azman Mohd was honoured with the Asian CEO of the Year Award of the Annual Power & Electricity Awards 2014.

The awards were presented at Asia's largest power, energy and utility congress -- the Power and Electricity World Asia 2014, held in Singapore recently.

TNB was chosen from seven (7) other finalists for the Energy Company of the Year Award. The other utilities are from Hong Kong, India, Japan, Philippines, South Korea (two nominations), and Taiwan.

In selecting The Energy Company of the Year winner, nominees were judged based on all-around excellence in executing a total energy strategy.

Meanwhile, Datuk Seri Ir. Azman was chosen from five other nominees; Indonesia, Iran, Malaysia and the Philippines (two nominations) for the Asian CEO of the Year Award, for the second consecutive year.

The award was bestowed for his visionary leadership and commitment to lead and communicate change; as well as for building partnerships, portraying business acumen and producing optimal results in the past one year.

In his acceptance speech, Datuk Seri Ir. Azman dedicated both awards to the loyal and tireless workforce of the national utility corporation.

He also attributed TNB's success to the strong support from the Malaysian Government, the Ministry of Energy, Green Technology and Water and its customers.

Released on May 2nd, 2014 in Kuala Lumpur
