### TNB INVITES ABSTRACTS FOR CEPSI 2018

**Tenaga Nasional Berhad (TNB)**, host of the internationally prestigious Conference of the Electric Power Supply Industry (CEPSI) 2018 is inviting abstract for technical papers to be presented during the September 17-22 event in Kuala Lumpur.

“We are accepting abstracts from professionals in the areas of the electricity supply industry. This include those involved in project financing; technology development; policy formulation; renewable energy; software, system design & analytics; environmental impact assessment; and battery storage,” said TNB Chief Corporate Officer and AESIEAP 2017/2018 Secretary General, Datuk Wira Roslan Ab. Rahman.

The technical papers should fall under any of the eight identified categories namely Sustainability and Green Energy; Generation and Future Alternatives; Transmission and Future Grid; Distribution and Advanced Network; Smart Grid and New Technology; ICT and Innovation; Retail and Customer Service; and Business Transformation and Others.

“Details about the categories and guidelines for submitting the abstracts and papers can be accessed from CEPSI 2018 website, [www.cepsi2018kl.org](http://www.cepsi2018kl.org). Please submit your abstract by April 16, 2018,” announced Roslan.

He explained that selected papers will be presented at the Technical Sessions of CEPSI 2018. The sessions are for the sharing of case studies, on-site lessons and experiences, overviews of recent technologies and design strategies, and industry best practices.

Roslan added that registration for individual and group for CEPSI 2018 is open. “Those who register by 25th June 2018 will enjoy our special early bird rate.”

More than 1,500 delegates, comprising industry leaders, senior executives, government officials and professional experts from all over the world – are expected to attend the 22nd edition of CEPSI.

**Released in Kuala Lumpur on March 20, 2018 at 10.00 am**

### **About CEPSI**

CEPSI is the most prominent and prestigious electricity supply industry conference in East Asia and the Western Pacific region.

The conference cum exhibition is under the patronage of the Association of the Electricity Supply Industry of East Asia and Western Pacific (AESIEAP).

### **About CEPSI 2018**

With the chosen theme – “Reimagining Utility of the Future” – the conference will focus on the current scenario of how the electricity supply industry is transforming in response to the emergence and convergence of technology disruptions, economic shifts, evolving sustainability and regulatory requirements, and increasing customer expectations.

It will also address some topics such as megatrends, sustainability, energy trilemma, digitalisation and a smarter future.

TNB is the host for this 22nd CEPSI. The last time TNB hosted CEPSI was in 1996.
