S.A. 2018/04/22 (HQ)

GE, ACCENTURE AND SARAWAK ENERGY, LATEST SPONSORS OF CEPSI 2018

Tenaga Nasional Berhad (TNB), the official host of the internationally prestigious Conference of the Electric Power Supply Industry (CEPSI) 2018 today announced three more companies as platinum sponsors of the September 17-22, 2018 event.

The three are General Electric Company (GE), a global digital industrial company; Accenture, a leading global professional services company and Sarawak Energy, the electricity supplier for the state of Sarawak, Malaysia.

“We welcome GE, Accenture and Sarawak Energy as our Platinum sponsors. Their inclusion raised CEPSI 2018’s total number of platinum sponsors to five. The other two earlier sponsors are ABB and PT CG Power Systems Indonesia,” said TNB Chief Corporate Officer and AESIEAP 2017/2018 Secretary General, Datuk Wira Roslan Ab. Rahman.

He added that the strong interest to partner with TNB as platinum sponsors affirms that CEPSI 2018 is the most prominent electricity supply industry conference for the region.

CEPSI 2018 Platinum sponsors will get extensive branding benefits, exhibition space to showcase their latest innovative services and solutions and a platform for thought leadership in the Keynote Plenary sessions.

More than 1,500 delegates comprising industry leaders, senior executives, government officials and professional experts from all over the world are targeted to participate in event, to be held at the Kuala Lumpur Convention Centre.

TNB is hosting the biennial event on behalf of the Association of the Electricity Supply Industry of East Asia and Western Pacific (AESIEAP). The last time TNB hosted CEPSI was in 1996.

For more information about sponsorship & exhibition opportunities, registration and other matters regarding CEPSI 2018, please visit www.cepsi2018kl.org.

About CEPSI 2018

The conference will focus on the current scenario of how the electricity supply industry is transforming in response to the emergence and convergence of technology disruptions, economic shifts, evolving sustainability and regulatory requirements, and increasing customer expectations.

With the chosen theme “Reimagining Utility of the Future”, CEPSI 2018 will also address some topics such as megatrends, sustainability, energy trilemma, digitalisation and a smarter future.

About the Five Platinum Sponsors

GE is a multinational corporation with products and services ranging from aircraft engines, power generation, and oil and gas production equipment to medical imaging, financing and industrial products. The company’s power segment serves power generation, industrial, government and other customers around the world.

Accenture provides a broad range of services and solutions in strategy, consulting, digital, technology and operations. The company works at the intersection of business and technology to help clients improve their performance and create sustainable value for their stakeholders.

Sarawak Energy is focused on the generation, transmission, distribution and retail of electricity. It generates power through hydro, coal and gas, capitalising on Sarawak’s abundant indigenous resources.

ABB is a pioneering technology leader that works closely with utilities, industry, transportation and infrastructure customers to write the future of industrial digitalisation and realize value.

PT CG Power Systems Indonesia is a manufacturer of Power Transformers and Auto Transformers.
