TNB ACHIEVES ISO CERTIFICATION FOR ANTI-BRIBERY MANAGEMENT SYSTEM

Tenaga Nasional Bhd (TNB) obtained ISO 37001 certification (Anti-Bribery Management System) last week, marking the successful completion of a two-year journey of developing a TNB Corporate Integrity Management System (TCIMS).

The TCIMS, which is based on the ISO 37001 standard, covers elements such as due diligence, financial and non-financial controls, policies on specific high-risk bribery areas, whistleblowing policy, and training & communication.

SIRIM Bhd Board Member, Dr. Ir. Andy Seo Kian Haw presented the certification to TNB Chief Integrity Development Officer (CIDO), P. Kalivann Palanivelu at the Putrajaya Marriott Hotel, last Thursday.

The certification provides international communities and investors the assurance that TNB has adequate procedures and safeguards against bribery.

It also enhances TNB's reputation as a corporation that possesses high integrity and has an uncompromising stance against corruption.
